SUMMARY

Full-Stack Developer with strong Data Structures & Algorithms foundation. Experienced in building scalable web applications with dynamic rendering systems, pagination engines, AI integrations, and modular backend architectures. Skilled in designing secure APIs and performance-optimized systems.

EXPERIENCE

Software Development Intern — ScaleSage Solutions LLP, Gurgaon *Nov 2025 – Mar 2026*

- Engineered key features of a **Resume Builder**, including a dynamic multi-page pagination engine and optimized preview/PDF export (Puppeteer) for consistent layouts
- Implemented **section reordering with centralized state synchronization** and built **resume parsing pipeline (PDF/DOCX → JSON)** to streamline editing workflows
- Developed an **Admin Dashboard** for user activity tracking and system monitoring
- Contributed to full-stack development using **React, Node.js, Express, Prisma (MySQL)**, improving API performance
- Performed debugging, testing, and performance optimization to ensure production stability

---

PROJECTS

Resume Builder | MERN + Prisma (MySQL) + AI

- Built a **scalable resume platform** with modular frontend (React + Redux) and backend (Node.js + Express + Prisma ORM)
- Designed a **dynamic layout & pagination engine** supporting multi-page template-based rendering
- Developed a **template engine handling multiple layouts (linear, dual-column, modern)** ensuring consistent rendering
- Implemented **drag-and-drop section management (dnd-kit)** with real-time updates and state synchronization
- Built **secure authentication (JWT + Google OAuth)** and integrated PDF/DOCX export (Puppeteer) with Cloudinary

AI-Powered LMS | MERN Stack

- Developed LMS with **role-based dashboards** and secure authentication (OAuth, OTP, JWT)
- Integrated **Razorpay payments** with backend validation and tracking
- Designed REST APIs following MVC architecture and optimized backend performance

---

SKILLS

Languages: C, C++, Java, Python
Frontend: React.js, Redux, JavaScript, HTML, CSS, Tailwind, Bootstrap
Backend & DB: Node.js, Express.js, MySQL, MongoDB, Prisma ORM, Mongoose
Tools & Cloud: Git, GitHub, Postman, VS Code, AWS, Render, Netlify, Cloudinary
Concepts: REST APIs, JWT/OAuth, System Design, MVC

EDUCATION

B. Tech (CSE) — ABES Institute of Technology, Ghaziabad (2021 – 2025)

CERTIFICATIONS

Java with DSA | Full Stack Development (MERN)
